

Name _____ Date _____

VIRGINIA STUDIES

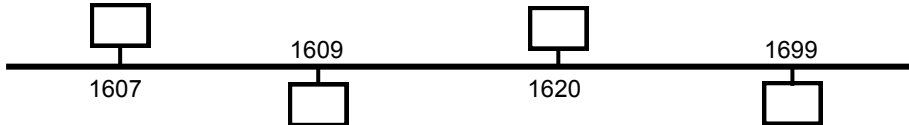

QUIZ #6

1. Name two regions of Virginia that are part of the Appalachian Mountains.

2. Sequence the events on the time line by writing **a**, **b**, **c** and **d** in the correct boxes.

- a. Pocahontas helps as a contact between American Indians and the English.
- b. Williamsburg becomes the capital city.
- c. Jamestown becomes the first permanent English settlement.
- d. More women arrive in Jamestown to help make it permanent.

3. A recently discovered artifact from Werowocomoco is a blue bead. Archaeologists believe it may have been made in Europe. It may have been used on a bracelet like this one made of beads and copper. The bead is a good clue about which of the following?

- a. The native peoples valued copper for jewelry.
- b. Jamestown settlers bartered with the native peoples of Virginia.
- c. John Smith gave Pocahontas many gifts.
- d. The settlers learned jewelry-making from Powhatan.

4. As time went by, the colonies and England began to disagree. The burgesses felt the colonists should not be taxed because—

- a. they had no representation in Parliament, which took away their right to govern themselves.
- b. the colonies refused to send tobacco and natural resources to England.
- c. the quality of the tobacco was poor and England blamed the colonists.
- d. women refused to move to the colonies unless given the right to vote.

5. My dad loves to eat oysters. He was so excited last night when he found a pearl in one. He says that some of the world's best oysters come from the Chesapeake Bay, where the Jamestown settlers got some of their food.

Name two more things the bay provided for the settlers.
